The Applicant has cancelled all previously rejected claims, leaving only previously allowed claims pending.

The Examiner's reason for allowance provided previously with respect to these claims is repeated here:

The Applicant's claimed invention is deemed allowable over the prior art as the prior art fails to teach or fairly suggest using a data comparison between data obtained in a hydrocarbon gathering system and data stored in a database to automatically schedule a test of at least one of a plurality of automated measurement and control devices used to obtain the collected data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
